

# Recessed Light Conversion Kit

## Product Summary

Recessed Light Conversion Kit is the easiest, most affordable DIY product available for turning a recessed light into a stylish hanging pendant light. No expensive electricians or time-consuming remodeling project. Installing is as simple as changing a light bulb.

## No tools required

**Recessed Lights - Before**

**Pendant Lights - After**

Here is some helpful information for consumers wanting to buy our Instant Pendant Lights at Lowe's. Lowe's calls it the Recessed Light Conversion Kit and displays it in their recessed lighting section.

**Information about Permanent Products going into Lowe's now**

- All product should be in-stock now, even if the display has not been set up
- Displays should be complete by March 2007
- Located in the *recessed light* section – ask for it by ITEM #
- Our products ALL work with standard (medium-base) recessed lights only

1. **Shop Light in a brushed nickel finish** (ITEM # 244324)
  - Socket at shade holds a medium-base bulb up to 100W
  - Brushed nickel metal shade & cover plate (covers recessed light)
  - Metal shade is permanently attached
  - Includes optional extension collar that covers standard light socket (see below)
  - Versatile style looks great in a kitchen, over a pool table or in a work area
2. **Stylish cone-shaped pendant light** (ITEM # 244322)
  - Socket at shades holds candelabra-base bulb up to 60W
  - Brushed nickel trim cover plate & lamp cup
  - Amber colored glass shade
  - Case glass shade with reflective white interior
  - Shade can be replaced with other designer shades
3. **Traditional bell-shaped pendant light** (ITEM # 244325)
  - Socket at shade holds candelabra-base bulb up to 60W
  - Brushed nickel trim
  - Alabaster glass shade
  - Shade can be replaced with other designer shades

The **SHOP LIGHT** is available in a medium base model only that includes:

1. *Attached* metal shade available in red, black, or silver
2. Patent-pending light fixture identical to the INSTANT PENDANT LIGHT
3. *Detachable* canopy extension for use with a standard light fixture in a garage, basement or work room:

**Standard Light – Before**

**Shop Light - After**

The **SHOP LIGHT** works like all our products in a standard recessed light:

**Recessed Light – Before**

**Shop Light - After**
